

# the 1000 rally

An Arizona high desert back road tour

## may 11 - 19 , 2009

A \$50 deposit will hold  
your entry spot until  
Mar 1, 2009.

## the event

Spend late winter in the Arizona desert, where it's sunny and warm most of the time? What could be bad about that? The 1000 is a mostly unpaved tour of the scenic areas of Pima, Yavapai, and Maricopa counties. Including (but not limited to): Crown King gold mine town. Perkinsville Road, the incredible red rocks of Sedona, and finishing near the Grand Canyon. The week of rallying includes passage controls, interesting roads, reasonable start times, and plenty of socializing time. Competitors will contribute to the success of the event by working controls (run / work); a concept that allows a lot of controls without depleting the competitor base. SCCA Tour Rally classes E, L, S.

There will be drastic temperature differences between Gold Canyon / Payson / Cottonwood / Grand Canyon. Expect lows down to 40° (overnight) and highs to 95°. Precipitation should be low.

Entry is limited to the first 25 fully paid teams.

## details

- 5 Regional rallies in one week.
